Me too! And I'm not scared. As long as I leave them alone, admiring them from a distance, we'll all be perfectly happy.

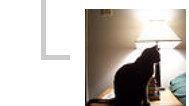

(...hey.)

You don't have to leave me alone. That would be sad.

I was thinking of the "admiring from afar" part. Unless I get the job I interviewed for in NoVa...I still owe you dinner.

I actually didn't know about the teeth.

Oddly enough, it doesn't make me scared, it mostly just amuses me, and makes the whole idea of a platypus make more sense.
